#### **West Kentucky Growers Cooperative**

Mr. Lawson moved that in the event a loan or forgivable loan is in default with the Agricultural Development Board, the loan will be assigned to the Kentucky Agricultural Finance Corporation; Mr. Dick seconded the motion. The motion passed without dissent.

#### **Kentucky West Nursery Cooperative**

Mr. Hunt moved that in the dissolution plan presented by the Kentucky West Nursery Cooperative (KWNC), they asked for an opportunity for the members to refinance existing obligations. Based upon this request and information received, GOAP staff recommends that the Agricultural Development Board offer a financing program for the grower members of the KWNC to take ownership of the trees under their control. Members would also have the opportunity to refinance the debt they currently owe the cooperative with a loan through the ADB. It is understood that this program will provide no additional funds to the grower/members of KWNC, but is simply a means to transfer the grower/members debt to the KWNC to the individual grower/member. Applicants must submit a completed application for financing to the GOAP by April 1, 2006. GOAP staff will evaluate the applications and present them with recommendations to the Access to Capital

Committee of the ADB on or before April 21, 2006. This committee will have authority to approve or deny a financing plan for each applicant that includes the following criteria:

1. Applicants can finance no more than their liability to and on behalf of the cooperative.
  - a. The Executive Director of the ADB will have the authority to determine the amount to be financed after evaluation of the application, consultation with the management of KWNC, and review of the financial records of KWNC.
  - b. The debt/equity plan provided to the ADB by KWNC will be used as the baseline for the potential loan amount. These numbers will be adjusted for business activity between the October 11, 2005 date and the revised calculations as of February 22, 2006.
2. A repayment plan will be established for each applicant that takes into consideration the expected marketing date for the trees which will not exceed 5 years.
3. The interest rate will be fixed at 9% for the life of the loan. Interest will begin to accrue on July 1, 2006. There will be no penalty for early repayment.
4. The Access to Capital Committee of the ADB has the authority to approve or deny any or all loan applications if sufficient collateral can not be provided to secure the loan or if the applicant's repayment ability is determined to be deficient.
5. All applicants will be notified by mail of their acceptance or denial status no later than May 1, 2006. The amount to be financed will also be confirmed through this notification.

Mr. Barlow seconded the motion. The motion passed without dissent.

#### **Green River Produce Marketing Cooperative**

Mr. Moore moved that the Executive Director has the authority to fully exercise the rights spelled out by the loan agreement between the Agricultural Development Board and the Green River Produce Marketing Cooperative; Mr. Goodin seconded the motion. The motion passed without dissent.

#### **Central Kentucky Growers Cooperative**

There was no action taken on Central Kentucky Growers Cooperative.

#### **Closing Remarks**
